Vantage-Q runner slides with soft closing, 270, Zinc plated, Steel

4188705

Product Information

The Vantage-Q slides support the drawers of this same model offering a smooth closing and comfort when moving the drawer with its objects. Its design is thought to offer a minimum resistance during its use. These slides are made of steel for added strength and provide a nice bright zinc plated finish, although this element is generally not easily visible to the naked eye after installation. Due to the different sizes of the drawers, they are offered in various sizes ranging from 270 mm to 500 mm deep for greater customization and variety according to your needs.
