

Revalock magnetic safety lock for furniture, Plastic

8932920

Product features

- Safety magnetic lock for doors and drawers.
- Ideal for maintaining child safety, as it prevents children from being able to open furniture.
- Very useful for installing in caravans and boats, among other places, as it ensures locking.
- Its functioning is very simple, thanks to the imán (magnet key) that deactivates the lock and makes it open.
- Not every magnet works as it needs to be calibrated for this purpose in order to have the necessary force to open it.
- Once mounted it is not visible from the exterior.
- Valid for thicknesses of 13 mm up to 40 mm.
- Supplied in a blister pack with 2 locks, 1 key and everything necessary for its assembly.
- Produced in plastic with a white finish.
