

Half overlay hinge 165° X91 with soft close, Screw-on, Nickel plated , Steel

1042907

Product features

- Integrated soft closing mechanism.
- Hinge to plate quick fixing system.
- For 14 ~ 26 mm door thickness.
- Adjustable in 3 dimensions.
- Distance to cup bore edge D= 3 ~ 7 mm.
- Depth adjustment by cam.

Product Information

SKU	1042907
Materials	Steel
Finishings	Nickel plated
Packaging	100 Ut
Description	Screw-on

The X91 elbow hinge allows the overlapping of doors on the same edge of the furniture, offering an opening of 165 °. It ensures a smooth closing thanks to a shock-absorbing piston and allows three-dimensional adjustment. In addition, it also has depth adjustment by means of eccentric and an automatic coupling to the clamping insert. Designed for doors from 14 to 26 mm thick, with a 35 mm diameter cup. The excellent quality of the steel of its manufacture and the nickel plating of its finish ensures great durability and resistance to dirt. The packaging presentation of this piece is 200 units.
